Peter Eddy lay with his head on the upward slope of the pile of caved earth that b'ocked the drift and the others in line behind him, all within a space of twenty feet. Some mining men think that by re-moving the caved dirt next to the roof of the drift, the men let in foul air from behind the cave, which extinguished their candles and killed them in their tracks. Superintendent Lyman thinks otherwise. Seeing among the testimonials of the Æina one signed by my old friend, L. A. Murch, who fought Indians with me under my command over thirty years ago, I was induced to try a case of Æina Mineral Water. I was four years ago taken down with paralysis, losing the use of my right side, and I suffered in consequence from dyspepsia, neuralgia, kidney disease, loss of eye-sicht, hearing and speech. I commenced to use Æina the first of last month, drinking a large glassful twice a day, one in the morning on arising and the other at night. I felt the happy effect it had on me from the commencement. I find my old friend Murch's testimonial true to the letter, for it is having the same splendid effect on me.

Dear Sirs—I am most happy to render the following statement: I had been afflicted with dyspersia, and for a long time suffered its agonies, and had also much trouble from insomula and dryness of the throat, the result of dyspepsia. By chance I harpened to drink a bottle of Etna Water and found it relieved me from the dryness of the throat. I continued its use and my dyspepsia left me, and I can now sleep as well as I ever did. I have recommended it to many of my acquaintances similarly afflicted, and they have experienced the same grateful results.

HONG DI.

The verdict in the Hong Di case is an outrage. It makes a farce of justice, and is a howling satire upon the methods we adopt to punish crime. If the one juror who held out for acquittal was sincere, he never should have consented to life imprisonment for an "innocent" man. If the eleven jurors were sincere in their charge of murder worthy of punishment on the gallows, they never should have yielded to the stubborn juror. The testimony as clearly established the guilt of Hong Di, as it is possible to prove any fact. There was not a scintilla of evidence that he intended less than cold-blooded murder, or raise the remotest suspicion of provocation. It ever a cutthroat deserved death by process of law, so does Hong Di. Since the above was in type, news is re-

ceived that Hong Di was taken from jail at an early hour this morning, despite the guardians of the law, and hanged by a mob, infuriated to the criminal deed by the criminal farce of justice rendered by the criminal larce of justice rendered by the jury. The Altas Take First Place from the Haverlys-Other Games. A very large crowd, almost as large as that attending on the opening day, was ness the game between the Altas and Haverlys. These clubs always play a sharp and close match, and bring out the admirers of the game in great force. The ar-

rangements for handling the great crowd of spectators were as good as could be desired. The first train, which went out at 12:20 P. M., conveyed the Hussar Band and two or three hundred other people, an unusually large proportion of whom were ladies. It has been noticed that the number of ladies in attendance has greatly in-creased lately. They and their escorts find it very pleasant to go out and listen to the fine music which the band

renders until the commencement of the game. Among those present were many excursionists from Shingle Springs and way stations, Rocklin, Auburn, Woodland, Davisville, etc. The regular passenger train from San Francisco via Stockton brought 25 residents of the latter city, arrangements having been made by which all who wish to come to the Sacramento games from there can do so and return at

JULY AND AUGUST.

UR policy towards Midsummer Trade is so important that we wish to

come flitting in by every mail. These things require that our assortments be kept up. Furthermore, it is to our interest to serve you as well at one season of the year as another. One reason why our Midsummer Trade shows so much life is that we always mark down before the close of a season goods which otherwise might be left over. Many of these items have already been announced in the papers and sold, while others are to follow in the future. There are perhaps a dozen distinct reasons why ours is the largest general retail trade on the coast, but we are sure not the least of them is the fact that our stock is always bright, fresh and clean.

Breaking Down and Building Up. When a man breaks down in the matter f physical strength, the question of its recovery depends in great measure upon the length of time he allows to elapse before adopting medicinal means to recuperate it. A tonic, which gives a speedy and powerful impulse to the processes of digestion and assimilation, is the best auxiliary he can employ, and he should resort to it promptly. The most reliable dependence of the feeble, the aged and the nervous has ever proved to be Hostetter's Stomach Bitters, an invigorant of national reputation of, the aggregate amount being \$64,300, or and proven worth, commended by medical a little over an average of \$9 per acre. The men of distinction, not only for building up a broken-down system, but as a remedy for dyspepsia, constipation, liver complaint, fever and ague and kidney trouble. While not claimed to be a panacea, it is a most useful and comprehensive household remark the control of the con not claimed to be a panacea, it is a most useful and comprehensive household remedy. It is, moreover, eminently safe as well as effective.

Scrofula

Probably no form of disease is so generally distributed among our whole population as scrofula. Almost every individual has this latent poison coursing his veins. The terrible sufferings endured by those afflicted with scrofulous sores cannot be understood by others, and their gratitude on finding a remedy that cures them, astonishes a well person. The wonderful power of

Hood's Sarsaparilla in eradicating every form of Scrofula has been so clearly and fully demonstrated that it leaves no doubt that it is the greatest medical discovery of this generation. It is made by C. I. HOOD & CO.,
